## Flexible payment terms

To make things easier for you, we are now offering flexible payment terms, so if you're low on eLCs there's no need to wait for new software. You can buy now and pay later! Call our sales team on **01335 343421** to find out more. Our licences are sold per PC. The master licence (first user) purchased includes the software, then additional licences must be purchased for every PC you wish to use the software on thereafter. This excludes site licences which cover every PC in school but does not cover software use at home (see the Community @ Home licence).

Schools taking hosting out at the same time as the software purchase will receive FREE hosting for the first year.
